

One Weekend, Two Courses!

# England Host Site For GT Training

**Graston Technique® is offering M1–Basic and M2–Advanced Training on August 5–7, 2011 at Anglo-European College of Chiropractic, Bournemouth.**

*This interdisciplinary combo course is available to physiotherapists, chiropractors, osteopaths, medical doctors and other qualified clinicians and offers 22 CPD hours.*

### GT Package Discounted

The GT package includes M1 and M2 trainings, a set of GT instruments, three jars of emollient, foam tray and 50 GT patient brochures. The price is \$3,500 USD (GT package) plus \$700 USD (VAT) for a total of \$4,200 USD. Save \$464 USD off the standard professional price. (When you register, \$1,190 USD will be charged to your credit card for the M1/M2 course. In early July, the remaining balance of \$3,010 USD will be charged when the instruments and supplies are shipped.) Take advantage of this special opportunity and go back to your clinic/practice to start treating with GT immediately!

- **M1–Basic Training:** Comprehensive overview of the GT treatment approach with extensive laboratory practice using the GT instruments.
- **M2–Advanced Training:** Expands on the basics and focuses on clinical decision-making skills, explores GT interventions for the management of musculoskeletal dysfunction/mechanical pain and introduces movement patterns to treatment.

*Completing M1 and M2 training enables you to become a certified GT provider, a designation that sets you apart from others in your field.*

**Combo course and special pricing is limited. Seats fill quickly. Register by July 1.**
